b. UHED Report

College Day was successful, with several colleges coming and setting up tables in the nearby church. Fredonia and Valley joined us, and KHS Seniors and Juniors attended and learned about different higher ed options in UT.

A Health Science Trip to Utah Tech was successful. 21 students liked learning about health and science careers, most preferably when they could get some hands-on experience.

March 24th will be an opportunity to tour tech schools.

3. Discussion

a. Basketball Region Champions

b. State Capitol Trip

Faculty members brought a group of students, where Sheriff Glover took on tour. They were able to talk with representatives, Learn about budget, Go to Senate/House chambers, shadow those in office. It was awesome!

d. 26/27 Fee Review

In accordance with needs, some fees will be increased in the 26-27 school year. Those students who qualify for a fee waiver will not be affected. Fee changes are determined by coaches.

Other: Mr. Stewart along with Supt. Dalton presented before the Utah Education Appropriation Subcommittee, reporting some great news about KHS:

#22 among over 900 schools in the state, based on Academic Testing!

Growth metrics are high for both high and low performing students!

41% of last year's class obtained a general studies certificate or Associates degree!

We have the only cosmetology lab at a High School in the state!

We offer many Tech certificates, sometimes only for one student!

We have garnered many State championships in recent years, along with many 2 place trophies!

It's a great era to be a Cowboy.
